

Learn to use Boardmaker Software

Boardmaker is used extensively throughout New Zealand to create visual supports for people with complex communication needs.

This is a practical course in which you will learn how to use the features of Boardmaker software and look at how it can be used to make communication and education resources.

This 2.5 hour course covers...

- Making boards
- Adding symbols
- Using the tools of the software
- Making your own symbols
- Importing symbols
- Saving, printing and sharing boards
- Examples of resources
- Tips and tricks
